# **Are You A Personal Blogging Newbie? Embrace Your Inner Writer!**

If you want to help your online business develop and grow, a great way to do it is by setting up a personal blogging platform or two and updating them regularly with articles and other fresh content.

But if you're a newbie, you may be finding the large campus we call the Internet confusing to navigate around at times. So this article is intended to give you a quick grounding in the "where", "how" and "why" of blogging and to help you get rid of the "blogging collywobbles" that you may be suffering from.
