40 Highly Effective Ways To Get Tons Of Traffic To Your Website Or Blog - Part 3

25. Create a profile on Myspace and Facebook and begin networking in groups that are related to your niche. Social networking on the major sites is a great way to bring in extra targeted traffic!
26. Create an amazon.com profile and submit reviews on products, etc.
27. Buy advertising on other people's ezines and mailing lists.
28. Buy advertising in online forums and discussion groups related to your niche.
29. Network and build relationships with other webmasters/bloggers in your chosen niche. After some time you might just be able to go into a joint business venture with some of these folks.
30. Exchange links with other sites in your niche.
31. Use auto-responder messages and mailing lists to get people coming back to your site.
32. Use eBay classified ads and link back to your site.
33. Creating "landing pages" . A great tool to do this with is squidoo. You can create a high-traffic squidoo lens by using proper SEO tactics.
34. If you have your own product, send a copy to website owners for their review. They will most likely post a review on their site if your product is unique and creative.
35. Submit videos to you tube.com and other video sharing sites, such as Metacafe. Be sure to include a link within the video itself for added publicity. Have fun, make the video creative and entertaining. You would be amazed at how much traffic you can pick up this way.
36. Get business cards and pass them out to as many business people as you can.
37. Submit your product to an affiliate network to get affiliates to promote your product and site.
38. Create a free e-book or report and make it go viral!
39. Submit your site to the hundreds of free directories online. You can save

time by using a directory submission service.

40. Buy banner space on websites or blogs related to your niche.
