My World Plus is essentially one of the top affiliate programs which has come along in the past couple of years. It is one of the programs included with My Affiliate Power Site described above.

Here are several reasons why My World Plus is the best:

1. There is a unique down line structure available called vertical acceleration. What this means is that people who are in your up line – including myself will help you to build your down line.
2. The product is something anyone will use, no matter what part of the world you live in.
3. If you don't want to promote the company yourself or if you don't have the time to do promotions, there is an excellent co-op available to you. With this co-op, you can purchase your own affiliates into the program and essentially run your business on autopilot.
4. Customer support is excellent.
5. **Lots of free training is available to members to help get you rolling.**

What I don't like about My World Plus:

1. They don't accept Paypal which is a little odd. You can pay your membership with either VISA, Mastercard or debit card. This detail is fairly minor really but slightly irritating all the same.

As far as I know, My World Plus pays out the highest commissions of any affiliate program online at this time.
